Bill,

Yes, we can. I am waiting for Larry to send the meeting notes and their recommendation to me. I will send him a reminder this week. Then we can talk.

Hi Bob,

Could we set a time to discuss this site status?

Thanks,

Bill

Thanks, Bob. That's a helpful update.

Looking forward to discussing in late April.

-Bill

Hi Bill,

I met with the risk assessor and things look good so far. I have a meeting scheduled with MDEQ for April 14 to discuss this site as an example for me to learn more about how the State looks at information to justify closure. This site will be closed under our authority, as you know, but having this discussion with the State will help me better understand how our closure criteria compares to current State methods.

I will contact you after our meeting to discuss next steps.

Regards,

Bob

This just came up on my calendar reminder, Bob. Do you have any news?

Thanks-

Bill

Hi Bill,

I did get some comments back from the risk assessor but have not been able to schedule a meeting with her yet. We have both been out of the office due to family medical issues.

I will try to get together with her within the next week to discuss her comments and then we can have a conference call.

Sorry for the delay.

Regards,

Bob

Bill,

I will ask the risk assessor when she is available over the next two weeks and get back to you.

Hi Bob-

Could we schedule a time for our site status discussion?

Thanks,

Bill Karban, LPG

Thanks, Bill.

I will look at the information and share it with our risk staff, then get back to you to set up a call to discuss the site status, results, etc.

Happy Holidays,

Bob

Hello, Bob.

Per our conversation, EnviroSolutions, on behalf of Premcor Refining Group, Inc., completed the second round of groundwater sampling at the former Premcor (Clark) #823 gas station site in Mt. Pleasant, MI in December 2014. A full report is attached.

After your review, we look forward to discussing the most expedient route to closure for this site. Thanks for your help with this project!

Sincerely,

Bill Karban, LPG
